

# The Audio Visual Group

<https://melbournecameraclub.org.au/interest-groups/audio-visual-group/>

In the short time we have tonight we wish to show two Audio Visuals giving you a basic view of the simple through to the more involved way in which you can use and enjoy the medium of Audio Visuals.

The first is a simple travelogue AV showing what benefit AV's have for showing your travel photos and combining them into an interesting story. This is something any photographer can do with relatively little effort and using basic software (MS Power Point in this case) but the result can be effective and engaging. Lightroom has a basic but effective "Slideshow" module to get you started.

'Subantarctic Islands Heritage Expeditions Dec2016 v9' goes for 3mins 52sec has been produced by a country Camera Club photographer Mrs Cherry Cole and can be viewed from YouTube at <https://youtu.be/8uhVB2iYa3U>

The second AV is a more involved production with a great story and humorous narration that photographers can identify with. Produced by Mr Bob Thomas using specialist AV software (ProShow Producer) this AV has been very successful in AV Competitions. '**Genesis the photographers 10 commandments**' runs for 4mins 19sec and you can review this AV on YouTube at <https://youtu.be/TC7u7WrxBxs>

The MCC Audio Visual Group meets at the clubrooms on the third Wednesday of each month at 8pm. When there is a 5th Monday in a month like this month (**Sept 30<sup>th</sup>**) we have a 'No Rules; Show & Tell' meeting and this month it will have an AV 'Inspiration' program especially for new club members. Come along at 8pm.

The aim of the AV group is to promote an understanding of Audio Visuals (AVs) and to teach members how to make their own presentations. We also encourage members to participate in the various AV competitions and exhibitions that take place during the year, particularly the AV section in the MCC End of Year competition.

If you would like to know more about Audio Visuals, come along to the Audio Visual Group meetings. The coordinator of the group is John Spring and he may be contacted via eMail [audiovisual@melbournecameraclub.org.au](mailto:audiovisual@melbournecameraclub.org.au) Also have a look through our AVG web pages at
